HORSES WARMING UP FOR LATER RACES IN THE EVENING MAY BE IDENTIFIED BY THEIR HEAD NUMBERS. THE RACE IN WHICH THE HORSE IS ENTERED IS INDICATED BY THE COLOR OF THE SADDLE CLOTH.

HOW TO READ THE PROGRAM

THE HORSE'S HEAD NUMBER, SADDLE CLOTH NUMBER AND PROGRAM NUMBER ARE THE SAME. The initials after the horse's record represents color and sex, the figure denotes age. The names following are the horse's sire, dam, sire of dam, and owner. Following are records of the most recent races of the horse. (m) or (h) means the size of the track; then it shows the condition of the track, class of the race, distance, ¼, ½, ¾, fiinish time, position at post, quarter, half, three-quarters, stretch and finish, beaten lengths, actual time, equivalent odds, driver, and order of finish.

WHAT ARE PAST PERFORMANCE LINES? The line tells the complete story of the horse's efforts on a particular day. A series of past performance lines give a comprehensive history of the horse's form indicating his strength and weaknesses, or faults. It also reveals whether or not a horse has a tendency to break, and whether or not he has enough early footing to capitalize on an inner post position, or if he has late speed or finishes slowly.

DAILY DOUBLE RULES

1. Daily Doubles are limited to two for each racing program.
2. The Pay-Off shall be posted after the pool closes, and before the race completing the Double has been run, except in the event of a dead heat in the first half of the Daily Double or in event of a Scratch in the second half of the double when the posting of the pay-off may be omitted, or in the event of a dead heat for win in the second half of the Daily Double, the posted prices must, of necessity, be changed.
3. If no ticket is sold combining the two winners, the pool shall then be apportioned equally between those having tickets including the winner of the first race and those having tickets including the winner of the second race in the same manner in which a "place" pool is calculated and distributed.
4. If no ticket is sold including the winner of the first race, the entire pool will be paid to the holders of tickets which include the winner of the last race of the Daily Double.
5. Likewise, if no ticket is sold including the winner of the second race, then the entire pool will be paid to the holders of tickets which include the winners of the first race of the Daily Double.
6. If no ticket is sold including the winner of either race, then the pool shall be paid to the holders of tickets which include the horse finishing second in the two races of the Daily Double.
7. If no ticket is sold which would require distribution of the Daily Double Pool, the Association shall make a complete and full refund of the pool.
8. If a horse is scratched from the second half of the Daily Double before it becomes a Starter of the second half, but after the first half of the Daily Double has been run, or the race cancelled, all Daily Double tickets combining the scratched horse or horses in the second race of the Daily Double with the actual winner of the first race of the Daily Double shall be paid a price equivalent to that fraction of the net pool derived by dividing the net pool by the total purchase price of all tickets combining the winner of the first race of the Daily Double with all horses in the second race of the Daily Double. The total pay-off on all tickets combining the winner of the first race of the Daily Double with the scratched horse in the second race of the Daily Double as determined by the method set forth in this rule shall be deducted from the net Daily Double pool.
9. If holder of ticket loses first race, and horse is scratched in second race, no money is refunded.
10. There shall be an Auditor representing the Commission in the pari-mutuel department at all tracks where betting is allowed. He shall verify all the accounting and calculating and file with the Commission a report of receipts from all sources, prepared in such form as the Commission may desire.
11. All above rules shall apply to and regulate the Late Double pay-off.

Windows on the mezzanine and ground floor for the sale of the Get-Even Double on the 8th and 9th races will be open following the completion of the sixth race.

Purchasers of Daily Double Tickets are cautioned not to destory or multilate any Double Tickets until after the Second or last Race has been declared official.

OFFICIAL U.S.T.A. CLASSIFICATION SYSTEM

CONDITIONED RACES—In conditioned races horses are grouped by certain conditions published by the Racing Secretary. These condition always include gait (trotter or pacer) and may include age, sex, money winnings and number of races won. The condition on earnings and number of races won may apply to the meeting in progress, the current season, a previous season or possibly the lifetime earnings or victories of the horses involved.

For example, a condition might read "For 3-year-old pacing fillies, non-winners of $2,500 in 1962 or two races at this meeting." This condition specifies gait (pacing), age (3-year-olds), sex (fillies), money earnings in a previous season (less than $2,500 in 1962) and number of races won at the current meeting(less than two).

Conditions also may put a narrow limit on money or races won. For example: "For 4-year-old trotters that won $5,000 but less than $7,500 in 1962." This type of condition limits the number of horses eligible ond provides the Racing Secretary with finer selection. Generally speaking, the more conditions placed on a race, the smaller the number of horses eligible to that race.

CLAIMING RACES—In claiming races horses are grouped by value and entered by the owner or his agent at the price they feel best suits the particular horse. Claiming races are written in various price brackets by the Racing Secretary ($2,500, $3,500, $4,500, $7,500, etc.) to accomodate the horses available at the track.

Any horse in a claiming race may be claimed (bought) for the amount designated, which is printed in the program, but no person may claim his own horse or cause his own horse to be claimed directly or indirectly for his own account. No person may claim more than one horse out of the same race.

A horse that is claimed shall not start in another claiming race until 30 days have elopsed unless that horse is entered for a claiming price at least 20 per cent greater than the price at which he was claimed.

Conditions may be written for claiming races exactly as they are for conditioned races.

OPEN, INVITATIONAL, FREE-FOR-ALL RACES—Open, invitational or free-for-all races are for the fastest horses at the meeting. Any horse actually is eligible to an open or free-for-all race, as the names imply, but quality controls the entry. In invitational events the Racing Secretary invites those top horses he wants for the particular race. Any of these events for the top bracket horses may be handicapped by the Racing Secretary, usually by the assignment of post positions with the horse the Secretary feels is best receiving the outside and the others graded toward the rail in what the Secretary considers descending order of quality.

NOTICE!

The odds posted on the infield board are only approximate and are computed from the amounts bet on each horse. Due to the fact the totalizer used here is not the complete one used at larger tracks, the odds are not necessarily exact and are only given to aid the public.

Make all wagers EARLY. The Kent and Sussex Racing Association is not responsible for incompleted transactions after "TOTE" machines are locked.

All mistakes in Tote Tickets must be rectified before the race at the Information Window.

All claims must be made at the Pari-Mutuel Information Office within 30 minutes after Race is run.

No claims will be entertained for LOST or DESTROYED TICKETS.

When buying TOTE TICKETS kindly provide the exact amount of purchase.

TICKET NUMBER

Be sure that the number of your tickets corresponds with the Tote number opposite the horse's name on the program.

DO NOT DESTROY TOTE TICKETS UNTIL RESULT IS OFFICIAL
